ITIA LEADERSHIP

A not-for-profit organization, ITIA is governed by a Board of Directors elected for a term of two years at the ITIA Annual Meeting.

A majority of members of the Board are mayors and village presidents representing a diverse group of cities, towns and villages from across Illinois. Representing over 80% of TIF redevelopment projects in the state, ITIA member communities range from the largest cities in Illinois to some of the smallest communities.

Private sector interests are also represented on the Board, and include those involved in the development of TIF projects as well as those who assist communities in the establishment, operation, and financing of TIF projects.

ITIA's public and private sector members all share an interest in rebuilding Illinois communities and advancing local development and redevelopment.
